

Checklist of the Birds of Fleming Park Including Lake Jacomo and Blue Springs Lake

Seasonal Status:

PR -- permanent resident; some individuals present year round, may or may not breed on the property.

IN -- intermittent, seen on and off throughout a given year, may or may not breed on the property.

SR -- found during the summer, most likely a breeding bird.

WR -- winter resident, likely to be found on property throughout winter months.

T -- transient, typically found only during migration
f = flyover; b = known breeder.

Abundance Status:

c -- Common or abundant; likely to be seen on most visits in proper habitat or time of day.

u -- Uncommon; may be seen in proper habitat at right time of year in small numbers.

r -- Rare; more than 15 records; usually recorded annually in proper habitat.

ca -- Casual; 5-15 records; occasionally reported.

a -- Accidental; 1-4 records; extremely rare, needs to be documented.

[] -- hypothetical; at least one possibly valid record, but has not met criteria for full acceptance by the Missouri Bird Records Committee (MBRC)
